

**EXAM CENTER & LIAISON OFFICE,
LEKKI PHASE I, LAGOS.**

This seven storey building on a tight rectangular site, is one of Artec Practice Ltd.'s well-known building in Lagos, Nigeria.

Designed as a series of interlocking triangles on a rectangular site, the Exam hall that could sit about 250 people, has a distinctive character with the lean-to roof and prominent circular columns that runs from floor to roof.

The office block is designed with a main circulation and services core as slave elements to serve the master space. It's a principally open-plan-office space with a pent floor, and sleeping quarters on the 6th floor. The building has distinctive form, materials in glass, and Agloduna tiles as external cladding.
