

**RIVERS STATE GOVERNOR'S LODGE,  
ASOKORO-ABUJA**

*Quality is a rewarder of itself.  
Having successfully carried out the design,  
Execution, and delivery of Katsina State Governors  
Lodge, Asokoro, Abuja, the Government of Rivers state  
engaged Artec Practice in a closed competition to carry  
out the design and execution of its Governor's Lodge in  
Abuja.*

*The Site terrain can be best described as being dramatic  
due to the evident differences in levels which naturally  
avails the designer the opportunity to propose a  
basement for Car parks and other services, being a  
sustainable practice, instead of having to alter  
nature and further expend additional funds on refilling the  
site to workable level.*

**Client:** Rivers State Government,  
**Main Contractor:** Metropole Nig. Ltd  
**Completed:** November, 2013.
